Haircuts

Trim To Go: Quick 'Tune-Up' for a busy man, around the ears, clean-up neck and go!

The Basic: Basic haircut with clippers or scissors.

Our Standard: Men's haircut including a shampoo, rinse & style

Gentleman's Custom Design: Custom designed cut, shampoo, scalp massage & the perfect styling to finish it off.

Shaves

Traditional Shave: A facial massage with Pre-shave oil followed by a hot towel prepares you for warm shaving cream. You are shaved with a straight razor then re-lathered and shaved again for the perfect shave. A cool towel infused with lavender oil is applied and followed by soothing after shave balm.

Royal Shave: Our most luxurious service for men begins with the perfect Traditional Shave. Now, the face is wrapped in a hot towel while the barber prepares from fresh ingredients, the After-Shave Mask. It is immediately applied to your face to rejuvenate and purify the skin and replenish nutrients lost during the shaving process. After drying it is removed with sponges soaked in lemon essential oil. Finally, Hydrosol Rose Water is applied and the face massaged lightly with after shave Balm.
